

# **M & S FABRICATORS**

Serving the Sheetmetal Industry  
With Custom Fabrication

M&S Fabricators is committed to the safety and well-being of our staff, & our customers. With the growing concern surrounding the COVID-19/Coronavirus, we want to assure you that we are taking every precaution to keep our guests and employees safe and healthy. We are closely monitoring the Virginia Department of Health and the CDC for updates and will continue to make sure every precaution is in place for your safety and wellbeing.

**Please know we are OPEN and ready for business.** We do ask that customers call when on their way to or when customers arrive at our facility and we will bring materials out to you.

We believe that while this is a difficult decision, it is important for us to do our part to contain the spread of the virus, and that a more rigorous approach will help make a big difference for our community. Protecting the health and well-being of our associates, customers and suppliers is not a task we take lightly. We continue to implement new precautions, in adherence with the recommended CDC guidelines, to ensure a safe experience for our customers and a healthy environment for our associates.

Our great country has been through some very challenging times in the past, but remember, we are all bound together, and if we work together, we can meet any challenge!

On behalf of all us at M&S Fabricators, we wish all of you good health, & a speedy return to normalcy.
